Re: Rowley Magnesium Plant  
Your Reference ACT/045/008  
Tooele County, Utah

Enclosed is a copy of your letter of June 17, 1981, addressed to Amax Specialty Metals Corporation regarding the required compliance with Section 40-8-19 of the Utah Mined Land Reclamation Act. The matter was referred to this office the first part of July and my file indicates that I shortly thereafter contacted you by telephone with a request that you forward the form of Bond utilized in connection with the Mined Land Reclamation Act.

I do not find that I have received the Bond form and if you will transmit it to this office, I will arrange for it to be completed and executed and filed along with evidence of the transfer from NL Industries, Inc. to Amax Magnesium Corporation.

Very truly yours,

  
O. W. Gushee, Jr.

Rowley Magnesium Plant  
ACT/045/008  
Tooele County, Utah

Dear Mr. Schultz:

Thank you for taking the time to acquaint our staff with AMAX's magnesium facility on June 3rd. It was a very enjoyable and enlightening visit.

As we talked about, AMAX should notify the Division of the transfer of ownership and interests from N.L. Industries, pursuant to Section 40-8-19 of the Utah Mined Land Reclamation Act, in order that we may update our files.

Also, clarification regarding the seasonal nature of the oolitic sands operation would be helpful.

Again, thank you for the tour of AMAX's facilities. If we can be of any assistance, please let us know.

Sincerely,

JAMES W. SMITH, JR.  
COORDINATOR OF MINED  
LAND DEVELOPMENT
